They may be waived or varied only by a writing signed by Tridan International referring to these Standard Terms and stating Tridan International's agreement to a change therein. Absent such a signed writing, Tridan International will not be considered to have accepted conflicting terms in any Customer purchase order or other document.

In the event of a delay in delivery due to any reason described in Delivery and Transportation or Terms of Payment below, the delivery date shall be deferred for a period equal to the time lost by reason of delay. In the event such a delay shall continue for more than 90 days then, at Seller's option, the order will be deemed cancelled without liability to Seller.

Shipment:

Completion and shipping dates are approximate and are calculated from date of receipt of (i) Customer's order, (ii) downpayment or letter of credit satisfactory to Seller, and (iii) all information, specifications and materials required from Buyer for execution of the order including, if applicable, samples of Buyer stock to be run on the machinery for use by Seller's Engineering Department in designing the machinery.

Specification changes or other changes by Buyer after the order is placed are subject to acceptance by Seller and to price adjustment necessary to cover additional engineering and manufacturing as well as the cost of materials procured and labor expended prior to the change.

All freight and insurance charges are the responsibility of the Buyer unless otherwise agreed to between Seller and Buyer.

Unless otherwise agreed, prices do not include shipping, ship preparation and export packing costs, estimates for which can be provided by Seller upon request. All shipping and ship preparation costs, port fees, duties and taxes will be the responsibility of the Buyer.

Delivery to Common Carrier:

Delivery of the order to the vessel, trucker or other common carrier will constitute delivery to Buyer, and Buyer will look to the carrier or relevant insurer for any loss or damage suffered in transit. If at the time of receipt of an order there is any evidence of damage to the pack stack or to the contents, such fact should be noted on any receipt signed by the Buyer and claim should be made against the carrier without delay.

The extent of Seller's obligation hereunder is to either repair or replace its work or the defective products. Such written notice shall not be considered received by Seller unless it is accompanied by all freight bills for such shipment with agent's notations as to damages, shortages and conditions of equipment, containers and seals. Non-accepted products are subject to return policy stated below. All completed orders ready for shipment by Seller for which Buyer acceptance is delayed may be charged a storage fee by Seller for extended storage of a non-collected order.

Tryout:

It is recommended that Buyer attend tryout of the machinery purchased at Seller's accepting office premises. Seller will use its best efforts to notify Buyer reasonably in advance of the scheduled tryout date. If Buyer chooses not to or is unable to attend, the results of the tryout will be recorded by Seller and provided to Buyer. Following satisfactory completion of the tryout, Seller will have the right to ship the machinery without further delay. Start-up and training by Seller technicians at Buyer's factory are not included in the price of Seller's machinery. If requested by Buyer, Seller will be pleased to provide such assistance and training at a per diem charge to be quoted by Seller and agreed to by Buyer.

Buyer's Responsibility and Indemnity:

It shall be Buyer's responsibility to ensure that any equipment purchased from Seller is installed and operated in a proper and safe manner. Buyer also acknowledges that it may have to install or change guards, safeties, warnings or other components to ensure that the machine will conform to all laws, regulations, ordinances, codes, insurance requirements and industry standards. Buyer agrees to defend, indemnify and hold harmless Seller from and against all suits, claims, costs and expenses, including reasonable attorney's fees, for personal injury, death or property damage arising from the purchase, ownership or use by the Buyer, Buyer's agents, employees or independent contractors of the equipment purchased.

Buyer will not without Seller's written consent remove or modify any such device, guard, warning or safety procedure. Buyer will notify Seller within ten days of any accident or malfunction involving machinery supplied hereunder which results in personal injury or property damage, and will cooperate fully with Seller in investigating and determining the cause of such accident or malfunction. Buyer agrees to indemnify and hold Seller harmless from any liability, claim or expense arising out of personal injury or property damage alleged to have been caused by machinery supplied hereunder (i) to the extent such machinery was operated without or in violation of any such protective device, guard, warning or safety procedure, or (ii) if Buyer fails to give such ten-day notice.

Drawings and Manuals:

Because Seller considers detailed working drawings and designs to be part of the Seller's stock in trade, working drawings are not included with the purchase hereunder. Seller will provide Buyer with two operating manuals covering installation, operation and maintenance of the machinery purchased.

Return of Products:

No product may be returned to Seller without Seller's prior written permission, which permission may be withheld by Seller in its sole discretion.

The sale of products or parts thereof by Seller does not convey any license by implication or otherwise under patent claims covering combinations of these products or parts with other devices or elements.

Design for Standard Stock:

Quoted prices assume that machinery purchased will be operated by Buyer using standard materials such as tubing, fin stock, etc., of the type customarily used by most major manufacturers. To the extent Buyer intends to materials that varies from standard, thus necessitating extra design and engineering work on behalf of Seller, the cost of such extra work will be charged to Buyer and the estimated time to completion will be extended as required to accommodate the nonstandard material change.

Product Designs:

It is not the responsibility of Seller to design the products that Buyer will be producing on Seller's machinery. That a Buyer's product design may be discussed, or it is suggested that a different design may reduce the time or cost required to engineer or manufacture the machinery to produce such product, does not mean that Seller assumes responsibility for Buyer's product design. Evaluation, testing and final decision as to the design of Buyer's products to be produced on Seller's machinery rest solely with Buyer.

Financial Responsibility:

If in the sole judgment of Seller the financial resources of Buyer become impaired or unsatisfactory at any time during the term of the agreement between the parties, then Seller may require of Buyer a deposit or suitable security or margin for performance by Buyer in such amount or amounts from time to time as Seller shall specify upon requirement of deposit. Buyer shall make such deposit no later than the close of Seller's next business day. If buyer fails to make such deposit, then Seller may at its option (1) cancel the agreement between the parties or the undelivered portion thereof, in which case Buyer agrees to pay Seller the difference between the market price on date of cancellation and the contract price; (2) resell all or any portion of Buyer's account all or any undelivered portion of the products, in which case Buyer agrees to pay Seller the difference between the resale price and the contract price, or (3) otherwise change the terms of payment. In the event Buyer shall be or becomes insolvent, or admits in writing Buyer's inability to pay Buyer's debts as they mature, or if Buyer shall make an assignment with creditors or if there are instituted by or against Buyer proceedings in bankruptcy or under any insolvency laws or for reorganization, receivership or dissolution, Seller may terminate the agreement between the parties at any time and without notice.

Sales, use or similar taxes are not included in the purchase price and will be borne by Buyer. The amount of any present or future sales, use, excise or other general or specific tax or imports, duties or penalties or other governmental charges fixed or imposed by any lawful authority(s) upon or applicable to the production, sale, shipment, delivery or use of the products sold hereunder shall be added to the price and be paid by Buyer or in lieu thereof, Buyer shall provide Seller with a tax exemption certificate acceptable to the taxing authorities. If any such tax or duties are paid by Seller, Buyer shall reimburse Seller upon presentation of invoice. Any required bank charges, import permit or other license or permit is the responsibility of Buyer. Wire transfer, letter of credit, currency conversion and other bank charges will be borne or reimbursed by Buyer.

Cancellation, Security:

Since each order is engineered and custom-manufactured for that Buyer, an order may be cancelled only with Seller's prior written consent and only upon agreed payment terms that cover Seller for all costs incurred plus forgone profit. If Seller agrees to an order cancellation, a restock fee may apply, the details of which will be conveyed to Buyer at time of cancellation acceptance by Seller. Buyer forfeits all rights to cancelled equipment or products upon cancellation acceptance by Seller. Buyer may be required to post adequate security for future purchase price payments if in Seller's reasonable judgment there arises any doubt as to Buyer's ability to make timely payment.

Modifications:

Buyer acknowledges that these are the only terms and conditions of sale and are intended by the parties as a complete and exclusive statement of the terms of their agreement, and supersedes all prior agreements, written or oral, and upon issuance of Seller's invoice or acknowledgment will become part of that invoice or acknowledgment. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any term. Whenever a term defined by the Uniform Commercial Code is used herein, the definition contained in the Code shall control. Any variation from the terms hereof contained in Buyer's acceptance is hereby rejected.
